

**UNEXPECTED PROBLEMS ARE AN EVERYDAY OCCURRENCE.
YOU'LL BE HAPPY TO KNOW WE WON'T BE ONE OF THEM.**

You need an A/C unit that will last as long as your buses run. And one that's reliable enough to handle thousands of passengers year after year with minimal repair costs. So make sure your bus fleet is equipped with a Thermo King HVAC unit. It's the most reliable, high-performance unit available. And with the largest aftermarket support team in the industry, you can be sure that neither you nor your customers will ever sweat.
