

# Guaranteed Maintenance Program

Stay on the road and run stronger with comprehensive preventive and predictive maintenance

# Guaranteed Maintenance Program

Simplify fleet maintenance with a program designed to deliver budget predictability and keep your vehicles on the road. The Guaranteed Maintenance Program helps reduce risk and boost asset utilization so you can maximize your investment.

## Guaranteed Maintenance Program Overview

Our Guaranteed Maintenance Program helps minimize costs and maximize uptime to keep your fleet operating at peak performance.

### What is the Guaranteed Maintenance Program?

Guaranteed Maintenance is a fixed cost service agreement. It is a guarantee for your fleet's maintenance costs – planned and unscheduled, as well as breakdown repairs – over the agreement duration.

### Why is fleet maintenance important?

Fleets are keeping their units longer, making the need for regular maintenance essential.

## Guaranteed Maintenance Program Advantages

- **Simplify Budgeting:** Avoid seasonal expense spikes and streamline your financial planning with a single, all-inclusive program.
- **Proactive Maintenance:** Effortlessly track and manage all maintenance with transparent reporting and scheduling—no more missed service intervals.
- **Optimize Workflow:** Free your team from stocking parts and hiring specialized refrigeration technicians – Thermo King experts handle it all.
- **Comprehensive Repair Coverage:** Resolve dispatch and shop availability challenges; Thermo King's extensive network keeps your equipment serviced, wherever it operates.

## Explore the Benefits of the Guaranteed Maintenance Program

### Minimize Risk & Experience Peace of Mind

- **Increase Uptime:** Reduces unplanned downtime and boosts equipment reliability.
- **Improve Workforce Efficiency:** Frees you from repetitive invoices and payments, allowing you to focus on your core business.
- **Maximize Fleet Utilization:** Overcome technician recruitment and retention issues with a reliable, expert service partner.
- **Eliminate New Technology Uncertainties:** Focus on your business needs and leave the refrigeration maintenance to us.

### Maximize Asset Utilization for Optimal Investment Returns

- Up to **18%** cost savings when customers utilize proactive vs reactive fleet maintenance.
- Service contract customers have as much as **39%** fewer over the road repairs and therefore more uptime.
- In one specific case, our customer saw an **82%** reduction in unscheduled events.
