

Lifecycle Management Solutions

Expert support at every stage of your fleet's journey.

The right tools. The right service. The right way forward.

Optimize fleet operations with Lifecycle Management Solutions by combining service, data, and support for efficiency from start to finish.

Fleet support that goes the distance.

With 180+ dealers across North America and a 24/7 online store, expert transport refrigeration support is always there when and where you need it.

- **Thermo King® Dealers:** Our dealers are strategically located and readily available to respond quickly with gold standard service that protects assets and keeps fleets moving.
- **Blue Track by Thermo King® Dealers:** An elite group of dealers who define service excellence through express services, dwell-time monitoring, real-time repair updates, and extended hours.
- **Thermo King® Online Parts Store:** Our always-open, buyer friendly site means you can quickly find the right part, and the nearest authorized Thermo King dealer, whether you're working in your repair shop or out on the road.

Smart telematics that deliver more.

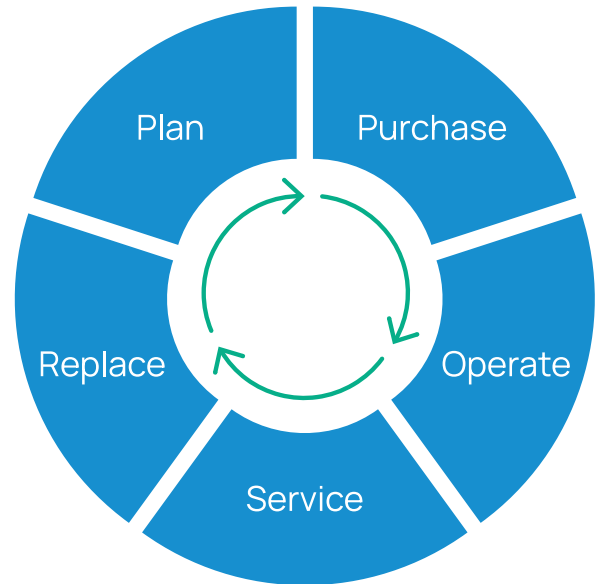

Get the data you need to deliver on time, every time. With AI-driven insights, smart monitoring tools, and operational dashboards, our Lifecycle Management Solutions put intelligence to work for your refrigerated cargo.

- **TracKing® Telematics:** Provides real-time cargo traceability and asset monitoring to maximize uptime, optimize fuel usage, and meet compliance needs.
- **TracKing® Pro Telematics:** A proprietary telematics offering that collects data from Thermo King reefers to provide actionable insights to help fleets enhance uptime and efficiency.
- **Remote Operating Center:** Combines 24/7 remote fleet monitoring, hands-on guided response and a cutting-edge algorithm that can predict failures before they occur.
- **TracKing® Smart Trailer Telematics:** Gives you critical, real-time information on your trailers through video feeds and sensor data on tire pressure, lights, door position, axle weight and other vital components.

Efficiency that pays off.

Flexible TRU service options make it easier to manage budgets, controls costs, and boost profitability across your fleet.

- **Certified Pre-Owned Program:** The first OEM-led program in the transport refrigeration industry to offer validated, reconditioned, and manufacturer-warranted units.
- **Centralized Billing Program:** This program simplifies your invoice management by consolidating all service, parts, and labor invoices into a single monthly statement.
- **Guaranteed Maintenance Program:** This program offers a fixed-cost maintenance agreement covering both planned and unscheduled maintenance, as well as breakdown repairs.
- **Extended Warranty:** This offering provides full unit and major component coverage for repairs or replacements beyond the standard warranty.

- **Genuine Thermo King® Parts and Accessories:** Our parts and accessories are designed to perfectly fit your unit, offering superior durability and performance compared to the competition.

Put downtime in the rearview.

Reach out to your local Thermo King Dealer to start optimizing your refrigerated fleet from the first mile to the last.

Thermo King – by Trane Technologies (NYSE: TT), a global climate innovator – is a worldwide leader in sustainable transport temperature control solutions. Thermo King has been providing transport temperature control solutions for a variety of applications, including trailers, truck bodies, buses, air, shipboard containers and railway cars since 1938.
