

# ThermoLite® Solar Panels for Agricultural Vehicles

The clean, affordable battery charging solution to prevent costly downtime

## Now you can go even greener with a ThermoLite solar panel

- Ideal for long-term battery maintenance
- Greatly extends battery life and prevents costly jump starts
- High efficiency solar cells use latest technology to produce abundant power, even in low light conditions
- Flexible, adhesive backing allows for quick and efficient installation
- Chemical cleaning and pressure wash compatible

### SUPERIOR DURABILITY

- Designed to withstand the toughest conditions in the agriculture business
- Weatherproof construction for extreme durability and long life
- Waterproof connections and full SAE-rated componentry
- Flexible polymer construction resists damage from hail and tree limbs
- 20+ expected year product life
- 4-year full system warranty

## ThermoLite Charge Controller

### THE BRAINS OF THE SYSTEM

- Critical to proper battery charging and system reliability
- Smart, three-stage charging technology via DC-DC converter
- Completely sealed against the environment
- Rugged automotive-rated circuit design
- Regulates both voltage and current to keep batteries from overcharging
- Designed to support AGM and flooded batteries

All Thermo King equipment is backed by the Thermo King dealer service network, with locations all across North America. To find a dealer in your area, go to [www.thermoking.com](http://www.thermoking.com).
