Date: October 3, 2025

Subject: TracKing® October 2025 Release Notes

Location: e-Tech Library

Product: TracKing.com, TracKing Pro

Description: October 2025 release notes for the TracKing website are listed below.

TracKing Fixes

1. Third-Party Data Partners screen available for Customers and Admins.

   o Admin users now have the ability to enable support for Third-Party Data Partners across all customer account types.

2. Geofence Import issue resolved.

   o Existing Behavior: Attempting to upload geofence files containing 2, 10, or 53 geofences resulted in an "Uploaded file is empty" error.

   o New Behavior: Geofence files with these counts are now uploaded successfully.

Best regards,

Telematics Support Team
